

St Andrews Chemistry @ 200

A celebration of chemical research

Catalysis

Lecture theatre C at 3 pm on Wednesday 6th April 2011

Chair: Prof Paul Kamer

15:00 Prof David Milstein, Weizmann Institute of Science (RSC Sir Geoffrey Wilkinson Award)
Discovery of catalytic reactions for sustainable chemistry

16:00 Prof Polly Arnold, Edinburgh
Small molecule activation with uranium Pac-man complexes

16:40 Prof Michael Bühl, St Andrews
Catalysis in silico: what can we learn from quantum-chemical modeling?

17:20 Wine Reception (Common room)
