

Programmes, Degrees and their Entry Requirements

On the following pages, you will find an alphabetical list of our undergraduate degree programmes with entry requirements, followed by subject page numbers.

The entry requirements published here are based on the LIKELY MINIMUM GRADES which will be required for entry but candidates should remember that many factors are taken into account when making offers, including the Personal Statement and Reference on your application. No applicant is guaranteed admission on the basis of these grades alone. Actual offers may be higher or lower than the grades stated here. Candidates may also satisfy entrance requirements with other equivalent qualifications.

This prospectus is written months before applications are made, consequently it should also be realised that the rates quoted are subject to change.

INTERNATIONAL FOUNDATION PROGRAMMES

In addition to the degree programmes listed on the following pages, the University of St Andrews offers four Foundation programmes suitable for candidates whose first language is not English and/or whose national qualifications do not meet the standards for entry to UK universities. While IELTS scores are identified specifically, other equivalent language qualifications will also be considered. For further information on these programmes, see pages 112 - 113.
