The Web Timetables contain all the timetable activity information relevant to both students and staff. Users can access key timetable and booking information relating to modules, departments, rooms or buildings.

The Web Timetables service is only available for the current academic year. To access this service, click on the following link http://www.st-andrews.ac.uk/webtt/ or search from the University homepage.

Students with timetable queries should contact their relevant school in the first instance.

Select which Timetable you wish to View

Select one of the following. The most common searches are by room or module, and the instructions below refer to these options.

- Departments
- Rooms
- Modules
- Programmes (limited availability)
- Buildings

How to view and understand the timetables

1. Select Building or Department from the drop down box. If this is left blank, a list of all the rooms or modules will appear.
2. Select Room or Module from the drop down box. To select multiple rooms or modules CTRL + left click to highlight
3. Select Week(s) from the scrolling list
4. Select Day(s) from the drop down box or leave as default
5. Select Start/End Time from the drop down box or leave as default
6. Select Print Style - either Grid or Activity Report (see page 3 for examples)
   Click View Timetable

To select multiple options CTRL+ left click to highlight
The Timetable Grid contains details of the class start and end time and details of day/s of the week when the activity is running.

1. **Activity Name** - includes the module code and semester e.g. EN2004_S2/Lecture

2. **Activity Type** - for example Lecture, Seminar, Practical, Tutorial. A **Core Activity** is where all students enrolled are expected to attend the class together e.g. lectures

3. **Building Code & Room Name** - a three letter code denoting the building, followed by specific room e.g. UCO:School III. Information on building codes and locations, please see the Teaching Rooms Location Guide

4. **Academic Staff Name** - Staff member assigned to this activity.

5. **Semester and Week Numbers** - Semester and weeks when the activity takes place. The example above runs in Semester Two (S2) for weeks 3 - 11.
