

## **The St Andrews Wardlaw Scholarships**

The following scholarships are part of the St Andrews Wardlaw Scholarship scheme. The programme was established in 2004 to provide financial assistance for academically gifted students who would otherwise struggle with the cost of studying at the University of St Andrews.

Many of the scholarships are general awards with no restriction on the subject of study; others are limited to students studying within a particular subject area. The donors for each scholarship are listed in recognition of their generous support for this programme of awards.

### **Faculty of Divinity Scholarships**
