BA (International Honours)

Students' Orientation Guide

Welcome to St Andrews, Scotland's first university!

Whether you are studying Classical Studies, Economics, English, Film Studies, History or International Relations, as a BA (International Honours) student you are part of a unique and truly international joint degree programme between William & Mary and the University of St Andrews. You are a member of a very special community which transcends borders and fosters a global outlook, enriching both universities with fresh ideas and perspectives.

BA (International Honours) students experience a number of transitions throughout their degree programme, and we believe these transitions help you to develop agility and adaptability, a confident and flexible approach to your learning, and a broad and international perspective, all of which will help you to prepare for employment in a global market.

In the following pages, you will find information to help you make the transition to St Andrews – from advice on planning your travel to a guide to Academic Advising and information to help you make the most of your time at St Andrews.

We offer a range of support services to ease the transition and to help you settle into your new home in St Andrews, and we look forward to welcoming you to our lively community.

Professor Clare Peddie
Vice-Principal Education (Proctor)

Student profile

"The BA (International Honours) Programme provides an exciting learning environment that has challenged me to grow academically, personally, and professionally. As a history student, I've been able to take advantage of the wealth of knowledge that both universities possess and consider history from a more diverse perspective. This programme has pushed me outside my comfort zone and taught me to be more confident, capable, and curious through navigating life at two universities. The travelling I've done in Scotland and abroad and the wonderful times I've had with friends here are memories that will stay with me long after I graduate."

Julia (New York, USA)
BA (International Honours)
Global Office Intern 2025

How to get to St Andrews

The closest airports to St Andrews, which offer plenty of connections both nationally and internationally, are Edinburgh (48 miles), Aberdeen (84 miles), Glasgow (90 miles), and Glasgow Prestwick (113 miles).

From Edinburgh airport there is an Airlink bus that runs roughly every 10 minutes to the centre of Edinburgh. It takes around 30 minutes and you can get off either at Waverley or Haymarket Station. Alternatively, you can take the tram service to Edinburgh Gateway, Haymarket or Waverley which operates every 8-10 minutes Monday to Saturday and every 12-15 minutes on a Sunday. From there you catch a direct train to Leuchars, which is the station closest to St Andrews. The train journey takes approximately an hour. Full details can be found on the National Rail website at www.nationalrail.co.uk

From Leuchars you get to St Andrews by bus (the 94, 96 and 99 lines) or taxi. You can also buy an East Scotland Dayrider+ ticket and take the Jet787, a bus service that goes direct from Edinburgh Airport to St Andrews. To determine whether or not taking the bus fits with your itinerary, full schedules can be found on the Stagecoach website at www.stagecoachbus.com

There are also several taxi share services offering competitive rates for a transfer from Edinburgh airport to your hall of residence. There are special rates for the weekends prior to both semesters as well as the days at the end of each semester for your return to the airport. Check their webpages for more information.

St Andrews Direct taxi share service:
www.standrewsdirect.com

St Andrews Shuttle service:
www.standrewsshuttle.com

Living in St Andrews

St Andrews is located in a breath-taking position. It is set on a rocky headland overlooking the dramatic waters of the North Sea. Inland are the rolling fields and wooded hills of the Kingdom of Fife.

Contrasts are everywhere – with local quirky shops, cafés and boutiques alongside well-known supermarkets, bakeries, stationers, bookshops, mobile phone outlets and a range of high street fashion and shoe shops.

There is a friendly, cosmopolitan vibe pulsating through St Andrews. Most students get around by walking or cycling and so it is not necessary to have a car.

Further afield

Thanks to the train link, as well as our proximity to Edinburgh and Glasgow, it is very easy to make St Andrews the base for your exploration of other parts of Scotland, the UK and regions further afield.

The Scottish Highlands are a particular favourite amongst international students and there are several companies which offer all-inclusive bus tours. Bus operators such as Stagecoach and Moffat & Williamson provide transportation in St Andrews. As a temporary resident, you can apply for a Young Scot Card (if you are under 22) which can be used for free bus travel on most buses across Scotland.

From Leuchars you can catch a direct train down to London. If you are planning to do a lot of travel by train it may be worthwhile getting a Railcard, which can save you a third off the price of each ticket you buy. For more information visit the National Rail website at www.nationalrail.co.uk

If you are thinking about hiring a car for weekend trips there are certain conditions that affect if you can drive, and what you can drive in Great Britain. In general you can only do so if you are over the age of 21 and have held your licence for at least 12 months. Read more about driving on a non-GB licence at www.gov.uk/driving-nongb-licence

Matriculation

Matriculation is the process where students register with the University each academic year. This includes online matriculation, and attendance at the matriculation and advising events during Orientation Week in September. Find out more about matriculation at www.st-andrews.ac.uk/orientation/orientation-essentials/matriculation

It is important to complete the full matriculation process within the time-frame prescribed otherwise it will result in the implementation of our Failure to Matriculate policy found at www.st-andrews.ac.uk/students/rules/matriculation/failuretomatriculatepolicy

Immigration

In the spring, you will receive an email from Registry about your Confirmation of Acceptance of Studies (CAS) that you will need to make an application for your student visa. It is essential you have a passport prior to applying for your visa or you risk not receiving it in time to commence studies in September. Your application will follow the same procedures as any other visa application. Details of your Student visa can be found at www.gov.uk/student-visa

UK Visas and Immigration (UKVI) have now introduced eVisas, which means your student visa will be digital and you will not receive a physical document. Before travelling, you must follow the instructions in your UKVI visa decision email and activate your eVisa. Completing this step is essential to avoid delays or issues at the airport or border. During your first year of entry, all students must provide proof of arrival. If your passport is not stamped on entry, you will need to present a boarding pass or flight itinerary showing your arrival date and full name at your Matriculation ID check.

Students studying at the University under a student visa are required to have their passport and visa documentation verified twice each academic year. Verification will take place at Matriculation and as part of a visa confirmation event held early in the second semester. Failure to attend the events may result in the University considering you absent. That absence will be reported to the UKVI and may ultimately result in your studies being terminated and your visa being curtailed.

Students who are on a student visa and given a Leave of Absence for personal or medical reasons must leave the UK and apply for a new visa when they return to their studies. This change in circumstance will be reported to the UKVI and your visa will be curtailed.

If you have any queries regarding passport/visa checks, please contact:
visas@st-andrews.ac.uk

Student ID card

Your student ID, also called your matriculation card, is a form of personal identification and confirmation that you are a student at the University of St Andrews.

- It provides access to many University buildings, including the University Library, Students' Union, 24-hour computer classrooms, and your own hall of residence.
- It is your Library card, to manage your Library record, including the issuing of books.
- It is your ID for voting in student elections.
- If you purchase gym membership, that will go on your card.
- You can add funds to your card to enable you to use the various printers located throughout the University.
- Your ID card is valid for the duration of your studies.

Although we ask students to upload an image for their ID card, it is possible to have your photograph taken during matriculation by our ID Card team.

More information about ID cards:
www.st-andrews.ac.uk/it-support/id-cards

Fees and funding

As a student who started their degree at William & Mary you will pay tuition fees to your home institution. However, you are responsible for paying your accommodation fees to St Andrews. You can pay these in full or by instalment either by international wire transfer, bank giro credit (BGC) or credit/UK debit card. Take a look at your fee payment options at www.st-andrews.ac.uk/guides/undergraduate-payment-options

There are several banks which have branches in St Andrews, and most of them offer special deals if you open an account with them. Take a look at the steps needed to set up a bank account as an international student at www.st-andrews.ac.uk/guides/open-bank-account

Opening an account and transferring money from another country into the UK can take some time, so you should ensure you bring

enough money for living expenses for the first few weeks. It is advisable to bring some cash (but not large sums) and a credit card that will allow you to take money from a cash machine until funds have been transferred. Phone your home bank a few weeks prior to departure to notify them of international travel and to request a pin for your credit card. Some banks will also mail you a new card with a chip (all European cards have chips) free of charge, making it much easier to use machines. Be mindful of the fact that American Express is only accepted by a few businesses in St Andrews, whereas Visa and Mastercard are widely accepted.

In terms of how much spending money is needed per week, there is an approximate guideline on student educational expenses at www.st-andrews.ac.uk/students/money/internationalstudents/ugcoa (look under International Students).

"My enrollment in the JDP has provided me with an extraordinary academic journey. It has given me the chance to immerse myself and challenge my understanding in diverse cultures and educational systems, while forging lifelong friendships with peers from across the globe. The program has also afforded me the opportunity to easily and cost-effectively travel to numerous countries, which has been a highlight of my experience. I've deepened my understanding of the world by exploring the bustling streets of unique cities in Portugal, Italy, England, Poland, Germany, Belgium, the Netherlands, Spain, and Morocco, as well as traversing the rugged landscapes of Scotland. Every destination has enriched my understanding of the world. Undoubtedly, this program stands as an unparalleled opportunity in global college education."

Benjamin (Washington, USA)

"The BA (International Honours) Programme has taught me the importance of being adaptable in such an ever-changing world landscape. The programme has emboldened me as an individual, gaining confidence in my academics and beyond. The transitions between the universities are difficult (I will not lie), but the value of the education I am receiving is immense. I have fantastic friends in both places, and without the programme my life would look so different."

Olivia (Texas, USA)

Academic matters

The Associate Dean Curriculum (Arts and Divinity) is the academic director of the BA (International Honours) programme. This is currently Dr Madhavi Nevader (right). The director provides academic advice generally to our BA (International Honours) students as well as being the Adviser of Studies and class instructor for the first and second year students. The director works closely with academic colleagues in each of the Schools in the programme as well as colleagues at William & Mary. She can be contacted by emailing: assocdeanarts-curr@st-andrews.ac.uk

You will meet her during the advising process and throughout the year at various social and academic events. More information on the Associate Dean Curriculum (Arts and Divinity) can be found at www.st-andrews.ac.uk/about/governance/faculties-deans/associate-deans-curriculum

The University works on a semester system, consisting of two semesters per year. Holidays, teaching and study periods are not evenly distributed within the academic year. Please note that you are required to remain in St Andrews for the full duration of the examination diets.

As a BA (International Honours) student you may find the way courses are structured here completely different to what you are used to. Although you may have fewer contact hours than you are used to at William & Mary, you should be prepared for a lot of guided independent study.

- A *module* is a course in a particular subject that is usually taught through a combination of weekly lectures and tutorials or seminars.
- *Tutorials* are small group discussions that cover material taught in lectures.
- *Seminars* are a mixture of lecture and tutorial in small groups.

As a rule full-time students should take 120 credits of modules per year, 60 credits per semester. Students normally only take three modules per semester in their sub-honours years (first and second year). You must take sub-honours modules in the subject area of your intended degree programme. In addition to compulsory modules you may be able to choose other modules from a wide range of subjects, some of which might fulfil your breadth requirements. Note that second year students arriving in St Andrews will take an additional 5-credit module in the first semester, PO2001 Introduction to St Andrews, which involves fortnightly classes with the Associate Dean Curriculum (Arts and Divinity).

Our online Module Catalogue also provides detailed information about all the modules that are available. The Module Catalogue can be found at www.st-andrews.ac.uk/subjects/modules

Your University of St Andrews user ID and password will enable you to log into the Student Portal 'MySaint' through the University website and choose the modules you wish to take. This is known as 'pre-advising.' During Orientation Week you will receive an email with a time and location to meet the Associate Dean for the programme (see page 6). In the meeting you will discuss your module choices for the year and make any final adjustments if necessary. Find out the full information on the advising process at www.st-andrews.ac.uk/students/academic/academic-advising

At St Andrews, work is marked on a 20-point scale. A guide to the standards expected can be found in the BA (International Honours) regulations document, available on our website (see link below).

Each academic School within the University of St Andrews makes available online a

handbook which outlines the School's marking and assessment criteria.

You should read the handbooks for each of the Schools where you will be attending courses to make sure that you are fully aware of expectations and requirements.

Learning and Writing Centre

The Learning and Writing Centre (LWC) is an inclusive student hub designed to support you throughout your academic journey at St Andrews. The Centre offers a wide range of resources to help you develop strong study habits, enhance your academic writing, and build confidence in your learning.

At the LWC, you can access one to one tuition in study skills and academic language, take part in interactive workshops, and explore a variety of self study online materials. You can also strengthen your digital capabilities through the Microsoft IT Academy. More information about our services and resources is available on our website: <https://learning-writing-centre.wp.st-andrews.ac.uk>

For more information about the BA (International Honours) programme please look at the regulations document at www.st-andrews.ac.uk/students/academic/ba-international

Library

The University has several libraries throughout the town. The Main University Library, located in the centre of town, is open for more than 100 hours per week during the semester with a wide range of studying options, including group study rooms, silent study areas as well as more informal and relaxed areas, as well as a café.

The King James Library is located on South Street in St Mary's College with opening times from Monday to Friday. Find out more about library services at www.st-andrews.ac.uk/library

IT Services

It is easier and safer to buy a new UK laptop when you arrive. However, if you bring your own laptop, you will need to get a UK power lead for it.

IT Services also work in partnership with Getech and participate in a national procurement agreement to secure very competitive prices for students to buy computers through the student store.

Our wireless service is Eduroam, which is available throughout the public areas, Schools and libraries around the University and also in the bedrooms of halls of residence.

Find out how to connect to Eduroam at www.st-andrews.ac.uk/it-support/services/wifi/connect-to-eduroam

Printers are available in the Main Library as well as in the individual computer rooms of the halls of residence, but it is also possible to buy them from stores in town. Information on printing costs can be found on our website at: www.st-andrews.ac.uk/guides/print-copy-scan

Our IT Helpdesk in the Library can help with any issue related both to University computer equipment and your personal laptop. You can get free advice without booking an appointment, or alternatively you can call them or send them an email: helpdesk@st-andrews.ac.uk

Halls of Residence

Our Halls of Residence webpages (www.st-andrews.ac.uk/accommodation/undergraduate) are the best starting point for all related questions:

There are ten different undergraduate halls of residence in St Andrews, each offering a unique experience. From historic to modern, large to small, there is something for everyone. You will select your preference for a type of residence rather than choosing an individual hall. As each hall is located in a different part of town and hall events vary, there is no standard experience of hall life. The cost of living varies between halls so check the webpages for the current accommodation fees.

There are several different options to choose from our residences:

- Single or shared room. If you are in a shared room you will not find out the name of your roommate in advance unless you apply for accommodation with a roommate. Many students have used social media to connect prior to the start of the semester.
- Standard (hall-style) or en-suite (you have your own toilet and shower).
- Catered (with meals) or self-catered (cooking for yourself).

Catered residences:

- Provide 19 meals a week (no weekend dinners), 14 meals a week if in David Russell Apartments (no weekday lunches or weekend dinners) or 15 meals a week at Agnes Blackadder Hall (no meals at weekends).
- Students may only eat meals in their own halls of residence.
- Meals in most halls have a duration of one hour, with the offer of a 'packed' lunch or dinner alternative. Students are allowed to select one entrée, one dessert, and one piece of fruit, however, you may take as much salad and sides as desired. There is always a vegetarian option and catering staff are happy to discuss other dietary requirements.
- All catered halls with the exception of Agnes Blackadder and David Russell Apartments close during the Christmas vacation, but your belongings may remain in your room. Rooms must be vacated at the end of Semester 2 in May.

Self-catered residences:

- Are equipped with kitchens, but students must purchase their own cooking utensils.
- Halls remain open during the Christmas vacation, but must be vacated at the end of Semester 2 in May.

“The BA International Honours programme tests you, challenges you, and pushes you to emerge as the best version of yourself. Becoming fully immersed in the distinctive academic, social, and cultural environments of St Andrews and William & Mary has allowed me to take full advantage of available opportunities and helped me to become a more well-rounded individual. Learning the importance of adaptability and forging connections with others has been the most invaluable outcome, and I look forward to using the skills and knowledge I have gained in these 4 years in my future professional life.”

Emily (Aberdeen, Scotland)

All rooms are equipped with:

- A bed
- Wardrobe
- Desk
- Chair
- Lamp
- Telephone
- Datapoint
- All residences have washing machines and tumble dryers. You will be able to purchase a laundry card and top it up online.

The University does not provide storage during the summer holiday, but there are several companies which provide storage facilities, such as:

- Saint Storage: www.saintstorage.com
- Storage St Andrews: www.storagestandrews.co.uk

Online accommodation applications and Move-in:

- The application form for students on the Joint Degree Programme opens for a week in February. You should have received an email inviting you to apply by the deadline. You can rank your preference for en-suite, single, shared, catered or self-catered, but you cannot choose the hall itself.
- Accommodation offers will be released in following weeks.
- The earliest that you can move into a hall of residence is the first Saturday of Orientation Week.

- Students pick up keys at the reception of halls of residence.
- Any items shipped to halls must arrive AFTER you have moved into accommodation. The University cannot guarantee secure storage and belongings will not be covered by the University's block insurance policy until the student is in the residence. Note that all goods shipped to the UK are subject to Customs Excise examination. Further details about bringing personal belongings into the UK can be found on the HMRC website: www.hmrc.gov.uk

Mobile phones

You may want to invest in a British mobile (cell phone). There is a phone shop in town where you can purchase a mobile phone and several in Dundee and Edinburgh. Alternatively, contact your provider prior to your departure for St Andrews to confirm whether or not your phone is already unlocked. If it is not, request to unlock your phone so you can purchase a UK sim card upon arrival. You may also wish to check if your mobile is e-Sim compatible as this may provide cheaper call and roaming options while in the UK. If you have an e-Sim and newer phone model, you may be able to use both a UK and overseas number on the same device.

Student life

The Students' Union provides a great meeting point for the student population, with the lowest prices in town. It puts on events throughout the year, from live gigs to comedy nights. St Andrews also has a large number of coffee shops, restaurants, pubs and bars.

There are a vast number of student societies and you are free to start your own if you feel that your personal interests are not represented. During Orientation Week a Freshers' Fayre will be held, which gives you the opportunity to meet representatives of the societies, find out what they are all about and to join the ones you like.

The annual Sports Fayre takes place during Orientation Week and gathers all 50+ sports clubs in one place. This offers the perfect chance to join your favourite club, discover a new sport or pick-up one you've always wanted to try. Throughout the week, clubs run 'Give it a Go' sessions, giving you the opportunity to try a sport for the very first

time. Following significant investment in recent years, you will benefit from some of the best sports facilities in Scotland and access to a range of professional fitness services. Students can purchase memberships for a semester of full academic year. Purchase sports memberships at www.st-andrews.ac.uk/sport

St Andrews has a very dynamic drama scene, with plays, musicals, and comedy acts performed on a regular basis, as well as an active Music Centre, which organises lunchtime concerts and evening concerts. At the Byre Theatre, there are numerous arts festivals, film screenings and special guest talks throughout the year, so there will always be something for you to attend.

Halls of residence organise their own annual hall ball, but in addition there are a variety of other balls and dances taking place each semester. So make sure to bring some formal wear with you, unless, of course, you need an excuse to go shopping in Dundee or Edinburgh.

There will be a special welcome event held for you and your fellow joint programme students, organised by the Associate Dean for the BA (International Honours) programme. An invitation will be sent to you by email.

Traditions

During its more than 600 year history, St Andrews has developed many traditions, all of which play a significant role in making student life here so unique.

Academic families are, in essence, a way to incorporate freshers (new students) into the student community. At St Andrews you have the chance to be adopted by an 'academic mother and father'. These academic parents are Honours students, i.e. students in their third or fourth year of study, who will act as mentors and introduce you to student life at St Andrews. Academic parents can adopt more than one student so you will have some academic siblings too, and over the years your academic family will grow with each new intake of freshers.

Every year in the first semester one of St Andrews' unique traditions takes place, Raisin Weekend. On Raisin Sunday academic parents host parties for their children to celebrate their introduction to the St Andrews community. Traditionally, children would present their parents with a pound of raisins, hence the name. On Monday morning your academic mother will dress you up in fancy costumes and your academic father will present you with a Raisin Receipt, which could be anything from a teddy bear to a door. You will make your way through town carrying the receipt and end up with all the other academic children in the foam fight near St Salvator's Quadrangle!

On 1 May many students brave the freezing waters on the North Sea in celebration of the heroic efforts of John Honey who, in 1800,

saved five people from a sinking ship off the St Andrews pier, swimming out and back with one person at a time. The May Dip sees its culmination at the first light of dawn and the screams of the students as they enter the cold North Sea can be heard for quite a distance!

Throughout the semester you will see students wearing the traditional red undergraduate gown. Gowns are not compulsory, but highly desirable in certain situations. While not everyone will buy one (their price can be a little steep – try and get a secondhand one at the Students' Union shop) you can always borrow one if you need it. Formal hall dinners, University Chapel services (followed by the Pier Walk) and any sort of ceremonial events are good times to wear a gown. They are also rather cosy and can help you stay warm during the winter.

Support systems

Student Services provide a comprehensive support system for all students, with specialised advice and counselling in areas of finance, disabilities, international student service, academic issues, health concerns, mental health issues, personal and emotional concerns. Student Services as well as the other departments involved in dealing with the joint programme have great experience dealing with international students and their transition to the UK higher education system, so you will be in good hands.

For any queries that you may have whilst at St Andrews you can go along to the Advice & Support Centre (ASC), 79 North Street, where staff will be able to listen, give advice or refer you on to appropriate services. The Advice & Support team will provide advice on all welfare matters including overseas student issues, flatmate problems, financial matters/problems or any matter of concern to a student. If they cannot help then they will refer you to an appropriate person either within or outwith the University. Find more information on the Advice and Support team: www.st-andrews.ac.uk/students/support

"Being in the BA International Honours program has been an incredible experience. I am continuously academically challenged, and I have made countless connections with friends and professors through all four years. I love biking through campus in Williamsburg as much as I love walking along the beaches in St Andrews. As a History major, I especially enjoy how much tradition and history there is at each school."

Enya (Pennsylvania, USA)

Take a look at semester dates for the coming years at: www.st-andrews.ac.uk/semester-dates

"I am an International Relations student in the Joint Degree Programme (JDP) and the President of the WaMStA student partnership on the St. Andrews side. I did the ABBA route with my first year at St Andrews. The JDP has given me the opportunity to study a wide variety of subjects, develop professional skills through leadership and internship positions, and build friendships across the globe. Both universities provide unique experiences, and I am grateful to have had their combined resources throughout my undergraduate studies."

Charlotte (California, USA)

The Global Office runs consultation hours which provide an extra resource for joint programme students. Whether you would like advice about a practical matter, or just want to have a chat about your experience in St Andrews, the Global Office will be happy to speak to you. You can book an appointment online, or visit during the Global Office drop-in hours: www.st-andrews.ac.uk/students/study-abroad/consultation-hours

The Global Office Interns play an important role in supporting international opportunities for students. If you are curious about these or internships with us, please email the Intern directly for further information: globaloff-intern@st-andrews.ac.uk

Nightline is another resource that provides students with a listening ear and relevant information. Nightline is run by students and is completely confidential. Nightline operates every night from 8 pm until 7 am during termtime. Find out more about contacting Nightline and its work at <https://nightline.st-andrews.ac.uk>

Students with disabilities who require adjustments to teaching, exam or accommodation arrangements should contact the Disability Team in Student Services directly. You should still contact the Disability Team even if you have registered with the equivalent service at William & Mary. To get in touch with an adviser, please complete the Student Services enquiry form here: https://st-andrews-advocate.symplify.com/care_report

Your residential experience is supported by a wardennial team who are your key contacts within the residence. They act as mentors and advisers, working closely with the University's wider advice and support network.

Each wardennial team consists of a warden and a number of assistant wardens, most of whom are PhD students. The team works with residents, the hall committee and the residential services team to build a strong and supportive community and hall identity.

The wardennial team provides out-of-hours contact and support, as well as links and referrals to daytime support services. They are a first point of call if a health crisis occurs or if you are distressed or are experiencing difficulties.

Wardennial staff are always keen to support students, however there are limits to their remit. The support they offer is pastoral rather than medical and is designed to be 'light-touch' promoting autonomy and independence. They act as mentors and advisers, and are not in-loco parentis.

Wardens and assistant wardens undergo regular training and are qualified to provide emergency first aid. They are supported by the Student Services Response Team. Find out more about wardens and assistant wardens: www.st-andrews.ac.uk/students/support/halls-life-wardennial-team

The University's Out of Hours Emergency Service provides cover for emergency situations, such as liaising with the National Health Service for ill health or personal crises. Find out more about the Out of Hours Emergency Service: www.st-andrews.ac.uk/contacts/emergency/university/outofhours

The University of St Andrews, in accordance with the Data Protection Act of 1998, is subject to strict laws that forbid the release of information about students to any external party. Find out more about data protection: www.st-andrews.ac.uk/terms/data-protection

In the summer preceding the start of your studies at St Andrews you will receive information via email about various things

such as:

- Arrival and airport pickup service
- Orientation Week
- Getting your student ID
- Fee payment
- Health and disability
- Activating your University email address
- Online matriculation
- Module choices
- Parents' Reception
- William & Mary – St Andrews Student Partnership

The WaMStA Student Partnership organises social gatherings for WaMStA students while also providing BA (International Honours) students with the opportunity to gain leadership skills by serving on the organisation's board. The Partnership acts as both a social outlet and support system, connecting students across institutions, degrees and years. The Partnership's website is home to helpful blog posts and other resources: <https://wamstapartnership.wordpress.com>

Join the BA (International Honours) Facebook group at www.facebook.com/groups/sawmjp and connect with other joint programme students at both St Andrews and William & Mary.

Healthcare

As part of your student visa application, you will be required to pay an Immigration Healthcare Surcharge so that you have access to the National Health Service (NHS), which provides routine or emergency medical treatment. Information about current charges: www.st-andrews.ac.uk/guides/apply-student-visa

Students from the EU, Switzerland, Norway, Iceland, and Liechtenstein may be eligible for an IHS reimbursement: www.gov.uk/apply-student-immigration-health-surcharge-refund

If you require regular medication you should ensure that you arrive in St Andrews with at least one month's supply. You should then have time to consult a doctor here before you need to obtain further supplies.

If you are an international student on prescribed medication from a doctor in another country you may be unable to get this in the UK. Speak to your doctor who can advise you if your medication is licenced in the UK. If not, then you may bring medication into the UK but please check for advice about the paperwork requirements that you need. More about prescription medication: www.st-andrews.ac.uk/guides/get-medicine

The NHS will not repatriate you to your home country if you become very ill or are seriously injured, so it is strongly recommended that you maintain some limited insurance cover in your home country.

Further information on medical and dental care: www.st-andrews.ac.uk/students/support/health-issues

The Careers Centre

The Careers Centre has a variety of tools, resources, opportunities and support and guidance available to BA (International Honours) students and graduates seeking to highlight their unique educational experience to employers in the UK, the US and across the world.

The Centre offers one-on-one careers guidance and practice interview appointments for joint degree programme students and hosts various events that facilitate networking and career exploration in partnership with alumni and employers. The Centre also hosts informative webinars and practical seminars specifically for joint degree programme students that focus on, for example: global networking and job searching; LinkedIn profile development and creating effective CVs and resumes. In addition to appointments students are welcome to access the Career Connect platform and website (www.st-andrews.ac.uk/careers) at their leisure to explore the many

employability events, internships and work experiences that are available to them while based in St Andrews.

There are regular virtual events that feature American employers and alumni as well as, where possible, in-person US-focused events in St Andrews and in the United States. These events include Networking Nights, Coffee Connect mentoring, Alumni Career Panels, Work-Shadowing Programmes, and practical sessions with sector-relevant companies within the US to meet with alumni and employers. Further, the Careers Centre webpages have numerous career sector guides and information about US and UK labour markets.

As a service to BA (International Honours) students, the Careers Centre provides a platform to connect you with alumni who are already working in interested sectors or companies. Students are strongly encouraged to join Saint Connect, the Career Alumni Network that brings together St Andrews alumni and current students. On Saint Connect, students on the joint degree may join a specific group for BA (International Honours) students and alumni. Information on joining Saint Connect: www.st-andrews.ac.uk/saintconnect

The Careers Centre has a dedicated North American Opportunities Manager who organises events and resources for joint

programme students. For more information, or for any questions, please reach out to careers@st-andrews.ac.uk and follow us on social media at @stacareerscentre for announcements and updates.

Beyond graduation – the continuing St Andrews connection

While you are at St Andrews

Parents/guardians of St Andrews students are important members of the University's extended community. For this reason, Development runs a Family Programme which aims to keep families up to date with news and developments at the University and provides them with a range of benefits and services. For further information, please visit: www.st-andrews.ac.uk/development/family-programme

Once you leave St Andrews

Leaving St Andrews does not mark the end of your association with the University but the beginning of a lifelong relationship with the University as St Andrews alumni (www.st-andrews.ac.uk/development/alumni). When you leave, you will receive a digital SPARC alumni benefit card which will provide access to a range of benefits and online services. The University will keep in touch through the annual alumni magazine, *Chronicle*, and through a monthly St Andrews in the News e-newsletter.
