The summer courses are open to high school students (ages 15-18) from anywhere in the world. They provide an opportunity to broaden your knowledge of your chosen academic subject in an intellectually stimulating environment and to experience university-level teaching and learning in the distinctive Scottish system of education. The courses are designed to develop your academic writing and research and presentation skills relevant to the academic subject being studied. You will also have the opportunity to meet with Admissions staff and tour the University’s facilities.

The academic courses are further enhanced by extensive field trips and visits to places of cultural and historical interest.

Courses available this year:
- Arts and Social Sciences
- Biological and Earth Sciences
- Creative Writing
- Management, Economics and Entrepreneurship
- Medicine
- Moral Philosophy
- Physical Science, Mathematics and Computer Science
- Psychology and Neuroscience
- Scottish Studies
- Sustainable Development
- World Literature

The University of St Andrews

Founded in 1413

in Scotland

Founded in
from the University of St Andrews.

All students are met on arrival by our staff and transferred to their residence. Airports are Edinburgh (one hour) and Glasgow (two hours). There are regular flights from Belfast, Bristol, Manchester, Leeds, Newcastle, London, Edinburgh, Dundee, and international destinations. The nearest international airport is Glasgow. 

The university has a full social and cultural programme, including sports, leisure, and cultural activities. There is also an ongoing programme of informal activities in the evenings, such as quizzes, talent shows, and other social events. The campus is surrounded by beautiful natural scenery, including the Fife Coastal Path and the Glamis Castle. Students have free access to the University Sports Centre and the Royal College of Surgeons in Edinburgh.
