Making the most of Careers Fairs

Knowing what to say when approaching Exhibitors at a Fair can be a bit nerve wracking. Working out in advance what you want to find out will boost your confidence.

A CHANCE TO IMPRESS OR GET SOME FREEBIES?

A Careers Fair is a unique opportunity to meet lots of employers in one place. Making the most of it means you have to know why you are attending, have a plan of action and be prepared.

Do you want to:

- Explore what differentiates employers to help you decide if you might be interested in starting your career there?
- Find out more about what jobs actually involve?
- Are you interested in hearing about the working culture/environment?
- Would you like to practise speaking to employers to build your confidence for later job searching?

All of those are possible, but each requires preparation.

PLANNING YOUR VISIT

➤ Before you go into the Fair, spend a few minutes reviewing the Exhibitor details in this Careers Fair Guide.
➤ Make a list of the top 6–8 you definitely want to meet and locate their stand on the Floor Plan.
➤ Prepare a list of questions you want to ask recruiters and any graduate trainees. Here are a few suggestions:
  - Tell me about your current role. What does a typical day look like for you?
  - What do you enjoy most about your work? What do you enjoy least about your work?
  - What kinds of problems and challenges do you have to deal with?
  - What skills/qualifications/experiences are vital in getting into this career?
  - What are the best things about your employer? Is there anything you would change if you could?
  - What’s it like working for your employer? What type of employee fits in well?
  - What do the strongest applicants get right?
  - Is there one thing that makes an application stand out? If so, what is it?
  - What top tips would you give me about applying and working there if I’m successful?
  - What’s the main reason candidates are unsuccessful?

DURING THE FAIR

➤ Approach Exhibitors with a smile, firm handshake and positive attitude. Remember to introduce yourself before you ask your questions.
➤ Ask your questions and note down anything you find out. Take a copy of their information if you are interested in following-up.
➤ Keep an open mind. Speak to Exhibitors who are not in your top 6–8 to see how they compare and whether or not there are any interesting opportunities for you.

➤ REMEMBER: You are talking to recruiters or alumni from St Andrews or elsewhere. Be polite and friendly, but keep it professional.

Our 2,800 plus lawyers deliver results worldwide through our own offices in the world’s main business centres. We also work alongside leading local firms and, as a result, more than a third of our revenue comes from markets where we don't have a permanent presence.

Our commitment, local and multinational expertise, and business know-how means our clients can rely on us to help them make the right decisions in a rapidly changing world.

Our people make our firm. It doesn’t matter what your background is, which university you went to or the degree you studied. What we are looking for is people who think globally and are at their best when working with other people.

You also need to be able to deliver a consistent, high-quality service across the globe. This means understanding not only the law, but also each client’s own business, the sector in which it operates, and the broader economic, political and cultural factors that affect the decisions it makes. That’s why we look for graduates who are creative, open-minded and curious about different ways of doing things.

During this time, trainee solicitors move around four different practice areas, including corporate, finance, and dispute resolution. We are now recruiting for February and August 2021 intakes.

Each lasts up to three weeks, and gives participants the chance to work alongside partners, associates and trainees in major practice areas. Students are exposed to two or three practice areas and learn to draft documents, carry out legal research, attend meetings and in some cases attend court. This hands-on learning is complemented by tailored workshops, case studies and social events.

We also run Insight Days for first year law and non-law students throughout the year.

**Vacation scheme application deadlines:**
- 31 October 2018 (winter)
- 6 January 2019 (summer)

**Insight day application deadlines:**

A quick mind is also pivotal, so a strong academic record from GCSE onwards is essential.

Jones Day

Jones Day is a global law firm with more than 2,500 lawyers in 43 offices across five continents. The Firm is distinguished by: a singular tradition of client service; the mutual commitment to, and the seamless collaboration of, a true partnership; formidable legal talent across multiple disciplines and jurisdictions; and shared professional values that focus on client needs.

Our 200 London-based lawyers (including around 60 partners and 40 trainees) collaborate with their colleagues from Jones Day practices and offices across the globe to guide clients through their toughest challenges.

Distinctive, non-rotational training: The Jones Day Way of training is different to the traditional "seat" system operated by most City of London firms. Trainees share their own office with another trainee and undertake work from all departments, with any partner or team, throughout their two year training period. Because they do not move department every six months, they don't miss the end of deals or trials they have worked on.

You don't need a background in law: Over half our trainees are non-law graduates and several have postgraduate degrees in disciplines other than law.

Jones Day's two-week Winter, Spring or Summer placement schemes: from which we expect to recruit nearly all our September 2021 trainee starters, will give you an honest insight into our training contracts. They will show you how we work in practice and give you a taste of what it's like to be a trainee at Jones Day.

Apply online from 1 September with a cover letter and CV at www.jonesdaylondon.com

Our application process is simple. No supplemental questions, psychometric tests, video interviews or assessment days. Candidates are selected for interview with 2 senior lawyers. If successful, you attend our placement scheme and interview for a training contract.

Apply early as we recruit on a rolling basis and places fill fast.
All schemes open to final year students, graduates and postgraduates of any degree discipline and penultimate year students of a qualifying law degree.

**Scheme dates and deadlines:**

Winter: 3 December 2018 – 14 December 2018 (closing date: 26 October 2018)

Spring: 25 March 2019 – 5 April 2019 (closing date: 14 December 2018)

Summer 1: 1 July 2019 – 12 July 2019 (closing date 10 January 2019)

Summer 2: 15 July 2019 – 26 July 2019 (closing date 10 January 2019)

Work Shadowing; Santander SME Internship Schemes

Offering a variety of paid and unpaid work experience opportunities, throughout the semester and during semester breaks, to students of all years and academic subjects. Our stand will be complete with application and event dates.

Work Shadowing:
Come along to our stand to find out more about the Work Shadowing Programme, offering opportunities to shadow alumni, staff and friends of the university.

Our Winter, Spring and Summer shadowing programmes offer global shadowing opportunities during semester breaks, for a length of time agreeable between you and your host.

Our Managers Work Shadowing Programme runs during each semester, offering shadowing opportunities with staff across the University so that you can gain a real behind the scenes view of St Andrews.

Finally, our Career Conversations Programme, also running across semesters, offers a chance to sit down and have a chat with current Master’s and PhD students. If you’ve ever wanted to find out what a life in academia looks like, then this is the programme for you!

Santander Internships Scheme:
Come along to our stand to find out more about our Winter, Spring and Summer internship opportunities

Our Winter internships offer 3-week, full time paid opportunities in SMEs across the UK. The summer scheme offers opportunities ranging from 3-10 weeks, and both schemes come complete with personal development opportunities and activities.

Not sure you want to commit to a summer internship straight away? Our Winter internships scheme and Santander Spring Taster are fantastic ways to spend less time in an SME, whilst still getting to grips with the organisations mission and aims.

For more information on any of our fantastic work experience programmes (whether you’re a student, employer or alum), please contact Sam at workshad@st-andrews.ac.uk, internships@st-andrews.ac.uk, or pop along and speak to Sarah or Sam at the Careers Fair!
