Thailand	Mathayom 6	GPA 3.3+
Turkey	Diplomasi	4.0/5 or 75%
UAE	GED/Thanawiya	85% overall
Vietnam	Graduation Diploma	7.5/8

The grades shown in the table above are intended as a guide only. We make offers on a holistic basis, looking at your whole application and not only your academic results. We may require higher grades when competition for places is particularly strong and we typically require higher grades in subjects relevant to your intended degree. For example, you should be able to demonstrate your ability in Maths if you intend to study Economics, or have good grades in Biology if you wish to progress onto a degree in Neuroscience. Requirements for the Medicine programme will be higher (especially in the Sciences) and, in some cases, your qualifications may only qualify you for the Pathway to Medicine. If your qualification is not listed above or you wish to ask about your results, please send an email to: ifp@st-andrews.ac.uk
