SECTION 2:

2.1 Introduction
This is the (draft) BSL Plan for the University of St Andrews, as required by BSL (Scotland) Act. It sets out draft actions the institution will take over the period 2018-2024 and is presented within the recommended template document provided by the Scottish Government for colleges and universities.

It follows the Scottish Government’s BSL National Plan, published on 24 October 2017, which was developed through extensive engagement with Deaf and Deafblind BSL users and those who work with them.

It is framed around the same long-term goals as the National Plan, where these are relevant to the work of the University.

Note: Where ‘BSL users’ are stated, this refers to ‘D/deaf’ and/or ‘Deafblind people’ (those who receive the language in a tactile form due to sight loss) whose first or preferred language is British Sign Language.

Framed around the same long-term goals as the national plan, where these are relevant to the work of this organisation.

2.1.1 University context
The University’s commitment to equality, diversity and inclusion is reflected in the Strategic Plan 2015-25 and through University’s Equality Outcomes Plan 2017-21 (strategic and operational action plan). The BSL plan is referred to as 1.10 as part of ‘Equality Outcome 1: Making the University that is accessible, and is recognised as encouraging diversity and the appreciation of it in our staff, students and suppliers.’

The institutional Equality Statement states that the University of St Andrews is fully committed to respect and fair treatment for everyone, eliminating discrimination and actively promoting equality of opportunity and delivering fairness to all.

2.1.2 Current BSL Provision
The University’s current BSL provision primarily reflects our responsibilities to enable access for disabled people under the Equality Act (2010), including those who are BSL users. Support and advice on BSL provision is provided by Disability Advisers (Student Services); Occupational Health (Environmental, Health & Safety Services); and the Head of E&D (Human Resources).

Examples of support includes:
- Arranging BSL interpreters which meet the needs of the individual
  - Staff: recruitment interviews to workplace line-management induction through the Department of Work & Pensions ‘Access to Work’ scheme’
  - Students: When applicants declare that they are a BSL user, arrange BSL interpreters. Provide advance information and guide for interpreters
- Specific support for Orientation
- Exam support
- Arranging equipment for BSL users and to assist interpreter to record content as additional support
- Confidential advice and information to applying and current disabled staff and students
- Explaining BSL related reasonable adjustments to line managers and student Disability Coordinators in Schools and Units
- Providing awareness of BSL provision as an adjustment through training to staff and student representatives
- Promote the use of the University published online ‘Disabled Go Access Guide’

2.1.3 Involvement of BSL users on the draft plan
The plan was published on webpage www.st-andrews.ac.uk/hr/edi/eia/engagement/bsl-plan/ on 26 September 2018 for BSL users to comment on the draft plan as part of its development containing BSL interpretation.

The draft plan was shared with the following organisations inviting comments:
- Advance HE (formerly ECU)
- Deaf Action (head office)
- Fife Centre for Equalities
- Fife Sensory Impairment Centre
- Scottish Funding Council
- Tayside Deaf Hub

Our level of engagement with the community and national bodies will continue around:
  a) Implementing actions
  b) Providing feedback on progress

The University has committed to contributing to the relevant national progress report in 2020.

People are open to comment on the draft plan by 17 October 2018 by contacting the lead officer as stated below (section 2.2).

A BSL version of the final version of the plan was uploaded onto webpage xxxx (TBA) in October 2018, and is monitored by the Head of E&D.

SECTION 3: Short summary of the plan

3.1 Overall Aim
The main aim of the University’s BSL Plan is one of many policies and procedures which the University has in place to support its commitment to equality, diversity and inclusion. It sets out how the University intends to meet the statutory obligations of the BSL (Scotland) Act 2015.

Specifically, the University is committed to:

- Promoting and supporting the use of BSL, including in its tactile form
- Improving access to services for Deaf and Deaf-blind people

- Implementing actions and providing updates on our progress
- Contributing to the National Progress Report in 2020
- Reviewing this plan, including identifying additional ‘local’ actions where relevant, following publication of the National Progress Report

To demonstrate due regard to the Scottish Specific Duty (2012), the following 3 areas of compliance relating to the Equality Act (2010) are met through this plan in relation to BSL as a reasonable adjustment on the grounds of disability:

- Eliminate discrimination, harassment and victimisation and other conduct prohibited by the Act
- Foster good relations between people from different groups - this involves tackling prejudice and promoting understanding between people from different groups
- Advance equality of opportunity between people from different groups
