The Collaborations and Study Abroad Team run student consultation hours from 2 - 4pm, Monday to Friday, during term time in St Katharine’s West, The Scores. During these hours, we invite students to drop-in to discuss any questions you may have relating to your studies at St Andrews such as liaison with your Home Institution, help with your module choices and form signing. We also love to hear how you are getting on in St Andrews!

Advice And Support Centre (ASC) and Student Services
The ASC is the primary information point for all students of St Andrews, and you can pop in there with any questions or concerns.

There are a number of ways in which Student Services are focused on helping students at St Andrews achieve what they deserve: the best university experience possible. All students, all people, come across barriers in life where they do not know where to go or how to best proceed. They need guidance, a pointer, a reflection to offer them a route to follow, or a tool to get over a hurdle and back on track. Student Services are the ones who can provide this.

Centre For Academic, Professional and Organisational Development (CAPOD)
CAPOD offers a range of academic and development services to undergraduate students. We recommend that St Andrews students familiarise themselves with the CAPOD service and utilise the academic skills’ support available. Adjusting to a new academic culture can be challenging, and CAPOD services will be useful in helping you to familiarise yourself with academic expectations at St Andrews, essay writing, assessment, as well as academic rules and regulations.

Careers Centre
The Careers Centre has a variety of tools and resources that are available to all students, including those on a Study Abroad programme.
