

Performance warning

Dear [Student],

Following the publication of the recent module results, your results give cause for concern, according to the criteria in section 2.3 of the Policy on Academic Intervention (<https://www.st-andrews.ac.uk/media/teaching-and-learning/policies/EarlyAcademicIntervention.pdf>).

You must email your Adviser of studies by Friday of Week 1 of next semester (*date inserted*) to explain your recent academic performance and your reasons for thinking that you will be able to improve your performance. Or if you are currently engaging with Student Services and have already discussed these matters with an Adviser, please email me to let me know that this is the case.

You may wish to arrange an appointment with one of our Support Advisers at Student Services (<http://universitystandrewsstudentservices.simplybook.me/index/about>) or at CAPOD (<http://www.st-andrews.ac.uk/students/academic/advice/studyskillsandadvice/academicskills/>).

If you have any queries about this, feel free to contact your [Adviser of studies/Personal tutor], or me directly at [Pro Dean (Advising/Medicine) email address].

Yours sincerely,

[Pro Dean (Advising/Medicine)]
