

Speaker	First	Last	Date	Title	School/Department	Institution
Ken Aitken	Ken	Aitken	20/09/2013	Autism Spectrum Disorders (ASD): Models, Theories and Evidence	Chair of Autism Strategy Group	
Liliana Albertazzi	Liliana	Albertazzi		Metaphorical information.	Dipartimento di Scienze della Cognizione e della Formazione	Università Degli Studi Di Trento
Lucy Aplin	Lucy	Aplin	16/10/2015	Cultured birds? Social networks and foraging traditions in parids	Institute of Ornithology	University of Oxford
Ian Apperley	Ian	Apperley	08/03/2013	Do human adults have the same minimal theory of mind as human infants and some non-human species?	Psychology	University of Birmingham
Simon Anderson	Simon	Anderson	15/11/2013	A walk on the applied side: quality, public benefit and social research		Director: Scottish Centre of Social Research
Kimberly Andrews Espy	Kimberly	Andrews Espy			Department of Psychology	University of Nebraska-Lincoln
Michelle Arnold	Michelle	Arnold		Faces....the new word stimuli	School of Psychology	University of St Andrews
Martin Banks	Martin	Banks	11/03/2011	The perceptual basis for some guidelines in photography	Vision Science	University of California, Berkley
Michael Banissy	Michael	Banissy	02/11/2012	Mechanisms of mirror-touch synaesthesia and its broader social traits	Psychology	Goldsmith's College
Robin Bannerjee	Robin	Bannerjee	26/04/2013	Self-presentation in childhood: An interplay of cognition, social motivation, and emotion	Psychology	University of Sussex
Philip Barnard	Philip	Barnard			MRC Cognition and Brain Sciences Unit	University of Cambridge
Thorsten Barnhofer	Thorsten	Barnhofer		Using mindfulness meditation to reduce cognitive vulnerability to depression.	Department of Psychiatry	University of Oxford
Nick Barraclough	Nick	Barraclough			School of Psychology	University of St Andrews
Melissa Bateson	Melissa	Bateson			School of Biology	University of Newcastle
Karl-Heinz Bäuml	Karl-Heinz	Bäuml		Retrieval Inhibition in Episodic Memory	Department of Psychology	Regensburg University
Pascal Belin	Pascal	Belin			Department of Psychology	University of Glasgow
Kent Berridge	Kent	Berridge			Affective Neuroscience & Biopsychology Lab	University of Michigan.
David Berry	David	Berry		A hierarchical mechanism for visual processing in the primary visual cortex.	Department of Physics	University of Évora
Marco Bertamini	Marco	Bertamini	05/02/2016	Brain activity in response to visual symmetry	Institute of Psychology, Health and Society	University of Liverpool
Michael Billig	Michael	Billig		The early argument against cognitive psychology: The Earl of Shaftesbury and John Locke.	Department of Social Sciences	Loughborough University
Mike Bird	Mike	Bird	12/04/2013	Selling yourself with Psychology		Vice President Verifon
Dora Biro	Dora	Biro			Department of Zoology	University of Oxford
Johan Bolhuis	Johan	Bolhuis		Evolution and cognition: Darwin meets Tinbergen.	Behavioural Biology	Utrecht University
Lynda Boothroyd	Lynda	Boothroyd	17/04/2015	TV, Barbie and us: Cultural predictors of body weight ideals in adults and children	Department of Psychology	Durham University
Marcel Brass	Marcel	Brass	05/10/2013	Imitation and joint action	Experimental Psychology	Ghent University
Gillian Brown	Gillian	Brown			School of Psychology	University of St Andrews
Ruppert Brown	Ruppert	Brown			Department of Psychology	University of Sussex
Verity Brown	Verity	Brown		What do the Flying Scotsman and a rat have in common?	School of Psychology	University of St Andrews
Romola Bucks	Romola	Bucks			School of Psychology	University of Southampton
Thomas Bugnyar	Thomas	Bugnyar		Social cognition in ravens.		Konrad Lorenz Institute for Evolution & CognitionResearch
Gordon Burghardt	Gordon	Burghardt	04/10/2013	The origins and diversity of play	Psychology, Ecology and Evolutionary Biology	University of Tennessee
Richard Byrne	Richard	Byrne		From parsing actions to understanding intentions: An action-interpretation origin for 'theory of mind'?	School of Psychology	University of St Andrews
Christine Caldwell	Christine	Caldwell		Testing hypotheses about cumulative cultural evolution in laboratory microsocieties: which learning mechanisms are necessary?	Department of Psychology	University of Stirling
Josep Call	Josep	Call	15/02/2013	Building bridges in primate cognition		Max Planck Institute for Evolutionary Anthropology

Speaker	First	Last	Date	Title	School/Department	Institution
Josep Call	Josep	Call			Department of Psychology	Max Planck Institute for Evolutionary Anthropology
Teresa Capelos	Teresa	Capelos	24/04/2015	Emotions, Tolerance and the Young: understanding the impact of anger and fear on young people's perceptions of asylum seekers	Department of Politics	University of Surrey
Matteo Carandini	Matteo	Carandini		Making waves in visual cortex	Neuroscience	UCL Neuroscience
Malinda Carpenter	Malinda	Carpenter	15/02/2013	Becoming a 'we'; Affiliation, alignment and the belonging in young children		Max Planck Institute for Evolutionary Anthropology, Leipzig
Clare Cassidy	Clare	Cassidy			School of Psychology	University of St Andrews
Alex Chase	Alex	Chase		Just how clever can you be? Prospects for boosting cognition and treating cognitive decline	School of Psychology	University of St Andrews
Lars Chittka	Lars	Chittka		Are bigger brains better?	Department of Biology	Queen Mary University of London
Nichola Clayton	Nichola	Clayton			Department of Experimental Psychology	University of Cambridge
Moreno Coco	Moreno	Coco	15/04/2016	Performance in a Collaborative Search Task: The Role of Feedback and Alignment	School of Philosophy, Psychology and Language Sciences	University of Edinburgh
Katherine Cronin	Katherine	Cronin	10/05/2013	Variation in the social climates of four chimpanzee communities		Max Planck Institute for Psycholinguistics, Nijmegen
Gergely Csibra	Gergely	Csibra			Cognitive Neuroscience	UCL Institute of Cognitive Neuroscience
John Curtice	John	Curtice	13/02/2015	The referendum decision: head or heart?	Department of Government	University of Strathclyde
Anne Cutler	Anne	Cutler				Max Planck Institute for Psycholinguistics
Marina Davila-Ross	Marina	Davila-Ross	06/11/2015	Positive communication in Great Apes	Psychology	University of Portsmouth
Frans de Waal	Frans	de Waal			Living Links	Emory University
Lisa DeBruine	Lisa	DeBruine		Health and Mate Preferences	Face Research Lab, School of Psychology	University of Aberdeen
John Dixon	John	Dixon	23/11/2012	Let them eat harmony? Reflections on the social psychology of intergroup contact, prejudice reduction and social change	Psychology	Open University
Fulvio Domini	Fulvio	Domini		Combining image signals before 3D reconstruction: The Intrinsic Constraint Model of cue integration	Department of Cognitive and Linguistic Sciences	Brown University
David Donaldson	David	Donaldson		Psychological imaging: investigating memory with event-related potentials.	Department of Psychology	University of Stirling
Karen Douglas	Karen	Douglas			Department of Psychology	University of Kent
John Drury	John	Drury		From mass panic to collective resilience: Understanding crowd behaviour in emergencies and disasters.	Department of Psychology	University of Sussex
Paul Dudchenko	Paul	Dudchenko	20/11/2015	Why people get lost: the brain's faulty representation of location and direction	Psychology	University of Stirling
Stephen Dunnett	Stephen	Dunnett		Behavioural analysis of nigral and striatal grafts.	Department of Neuroscience	Cardiff University
Dominic Dwyer	Dominic	Dwyer		Assessment of hedonic reactions in rodents: The effects of contrast and effort.	School of Psychology	Cardiff University
Louise Dye	Louise	Dye		Food and cognitive function.	Institute of Psychological Sciences	University of Leeds
Alexander Easton	Alexander	Easton	18/03/2011	Exploring episodic-like memory in animals. Is it truly episodic and what neural systems does it rely on?	Department of Psychology	University of Durham
Charles Efferson	Charles	Efferson	02/03/2012		Department of Economics	University of Zurich
Christoph Eisenegger	Christoph	Eisenegger	16/03/2012		Department of Experimental Psychology	University of Cambridge
Richard English	Richard	English	18/10/2013	Understanding terrorism in the 21st century: past findings and future prospects	International Relations	University of St Andrews
Jonathan Evans	Jonathan	Evans			Mental Health and Wellbeing	University of Glasgow
Michael Falconbridge	Michael	Falconbridge			Department of Psychology	UCSD

Speaker	First	Last	Date	Title	School/Department	Institution
Deborah Fels	Deborah	Fels		Inclusive entertainment: Multimodal interfaces for access to entertainment by people with sensory disabilities	School of Administration and Management	Ryerson University
Tecumseh Fitch	Tecumseh	Fitch	11/11/2011	Comparative Perception of Complex Visual and Auditory Stimuli by Humans, Monkeys and Birds	School of Psychology	University of St Andrews
Gillian Forrester	Gillian	Forrester	27/04/2012		Department of Psychology	University of Westminster
Katrien Fransen	Katrien	Fransen	29/04/2016	Believing in 'us': Athletes leaders' capacity to enhance confidence and performance by strengthening players' team identification	Leuven, Physical Activity, Sport and Health Research Group	University of Leuven
Uta Frith	Uta	Frith			Psychology and Language Sciences	UCL Psychology and Language Sciences
Sergey Gavrilets	Sergey	Gavrilets	26/11/2013	On the evolutionary origins of the egalitarian syndrome	Ecology and evolutionary Biology	University of Tennessee
Asif Ghazanfar	Asif	Ghazanfar				Max Planck Institute for Biological Cybernetics
Iain Gilchrist	Iain	Gilchrist		Covert and overt attention: The David and Goliath of spatial selection	Neuroscience	University of Bristol
Andrew Glennerster	Andrew	Glennerster			School of Psychology and Clinical Language Sciences	University of Reading
Silke Goebel	Silke	Goebel	13/04/2012		Department of Psychology	University of York
