

Hello there!

My name is Gianluca Giammei. I am from Rome and this year I will be the Psychology and Neuroscience School President.

It is a pleasure and an honour for me to be able to represent you. I will do what I can to make sure that every student feels represented by me and has a chance to voice their opinion about the School.

I am excited to welcome you into our School as I think it is a wonderful place. The School of Psychology and Neuroscience is made up of a diverse student body in which everyone has a chance to fit in and find their place. Every member of staff is also here to help make the transition into university life as simple as possible. People care here.

The School organises events throughout the year and we have two main societies (the 'Psychology & Neuroscience Society' and the 'Neuroscience Society') along with our own magazine: MAZE. Some of the main events of the year are '*PsychMeOut*' during Freshers' week, '*Psyckle4Zambia*' where students and staff cycle to raise money to support children in the village of Kazemba in Zambia and '*Mind Games*' in which teams of students and staff compete in a series of pub-quiz games.

I want you to know that you can always contact me for anything and I look forward to meeting as many of you as possible throughout the year!

Yours faithfully,

Gianluca
