

Teaching Ethos: it's a journey, not a destination...

... and we believe that we are on this journey together. Teaching and learning are two sides of the same coin. We believe that the responsibility for your education is shared: you do your bit and we do ours. Together we can create an environment that will support and foster your academic growth. Specifically, we want to help you develop your autonomy and your feeling of competency and help you to see the ways that psychology and neuroscience relate to your personal goals and aspirations. While a degree certificate is worth many things, we believe that an education is worth even more and through your educational experience, in partnership with us, we want you to master a variety of skills that will be valuable to you for the rest of your life. We believe that we can achieve this, if we work in unison.
