POLICY ON LOCATION OF STUDIES
(UG, PGT and PGR students excluding Distance Learning students)

Rationale

All students are expected to reside at a term address within a commutable distance from St Andrews during their study unless they have formal permission from the University of St Andrews for their study location to be outside St Andrews. This permission can be granted for academic purposes: for example, to conduct essential research. This permission can also exceptionally be granted for non-academic purposes at Undergraduate or at Taught Postgraduate level with the support of the School and with agreed mechanisms in place for continued academic support. The relevant Pro Dean can be involved when the request is complex or when the School refers a case to the Registry Officer.

The University has a duty of care to all students and therefore must be able to contact all students at any point during their programme of study. In addition, the University must hold the current address for all students as well as an historic trail of previous addresses. It is also expected that students can readily access academic advice throughout academic study and that agreed mechanisms are in place to support this.

For students requiring a visa to study in the UK, the Home Office has introduced regulations also requiring Tier 4 Sponsors to hold the latest address of study for students as well as an historic trail of previous addresses. The University must be able to show that the address we hold for a student, who has leave to remain in the UK on a Tier 4 licence, is accurate and that where students are not resident in St Andrews in term-time, they have permission to be outwith St Andrews. We must also demonstrate that students can engage appropriately with their studies at this location. Non-compliance with these Home Office regulations could entail a loss of the University's Tier 4 sponsor licence and seriously affect our ability to admit overseas students. In response to these requirements the University has introduced procedures to monitor where students are located during the course of their studies.

Policy

The address at which a student lives while pursuing academic study is known as the “term address”. The UK term address must contain a full valid postcode for reporting purposes. Students must ensure that their term address is up-to-date and accurately reflected on their student record.

Students who are “resident in St Andrews for the purposes of study” should reside at a term address within a commutable distance from St Andrews.

The University defines “commutable distance from St Andrews” as a distance from St Andrews permitting students to attend the University during core working hours on a daily basis if required to do so.

All students who require their term address to be outwith the commutable distance from St Andrews for any reason must seek formal approval prior to the commencement of their programme of study, or prior to changing address. All students who require to be away from their term address; for example, to engage in fieldwork or research away from St Andrews, for a period must have the permission of the relevant Pro Dean. This policy does not override the regulatory requirement for student attendance with respect to absence from taught modules.

Overseas students must seek expert advice on the conditions of their Tier 4 visa prior to leaving the UK for any reason, eg leave of absence, fieldwork. Students who are on fieldwork or undertaking a

---

placement as part of their academic studies must be approved via the normal channels. See PGR guidelines at: http://www.st-andrews.ac.uk/staff/teaching/strategypolicy/policy/postgraduate/research/ or for Undergraduates and Masters students at https://www.st-andrews.ac.uk/utrec/guidelinespolicies/riskassessment/. All students who are on fieldwork for longer than 28 days must inform Registry of their intended location. A reliable local contact must be declared on the risk assessment form.

**Formal Approval Process for Undergraduate or Taught Postgraduate students**

Undergraduate or taught postgraduate students who wish their term address to be out with the commutable distance from St Andrews or plan to be away from their term address for a period of more than 10 consecutive days must first seek approval unless they are participating in an approved Study Abroad, External Placement or Collaborative Degree Programme which requires them to study away from St Andrews, for which which the university has established a written agreement that specifies the alternative location(s) of study.

Permission can be granted by the Head of School (or delegate) for academic purposes such as research in another laboratory, access to libraries, field work etc. For non-academic purposes, the request must be forwarded to the relevant Registry Officer who may refer complex cases to the Pro Dean (Taught Postgraduate) or the Pro Dean (Undergraduate).

The Registry Officer, acting on behalf of the Pro Deans, can grant approval only in exceptional circumstances for a student to be resident outside the commutable distance from St Andrews for non-academic purposes. Postgraduate taught students are expected to reside at their term address for the duration of their programme, including the dissertation period. If permission to reside outside the permitted distance is granted, on academic or non-academic grounds, an agreed mechanism for continued academic support must be in place. Once approved, the consent and new address must be placed on the student record maintained in Registry.

**Formal Approval Process for Postgraduate Research students**

Postgraduate research students who wish their term address to be out with the commutable distance from St Andrews must seek approval prior to the commencement of their programme of study or prior to changing address. This approval must be sought in writing, stating the grounds, from the School’s Director of Postgraduate Studies. If the case is complex, the Director of Postgraduate Studies can refer the decision to the Registry Officer who can consult the Pro Dean (Postgraduate Research). Once approved, the consent and new address must be placed on the student record maintained in Registry.

Students who are away from their term address for any reason, for more than 5 consecutive working days and up to 28 days, should inform their supervisor and School as a matter of routine. The period of absence from the term address can be extended to 38 days if this includes time when the University is closed.

Students who will be away from their term address, for longer than a period of 28 consecutive days (including weekends) must seek approval from the School’s Director of Postgraduate Studies (a period of 38 days will apply where this time includes time when the University is closed). Once approved, the consent and new address must be placed on the student record maintained in Registry.

**Appendix 1**
Undergraduate and Taught Postgraduate Students - Requests to be located outwith the commutable distance from St Andrews – process diagram

Student requests to be located outwith the commutable distance from St Andrews providing academic or non-academic rationale and proposing the mechanism for continued academic support.

Student request should be sent to Head of School (or delegate) who assesses the request

Academic grounds

Yes

Student request should be sent to Head of School (or delegate) who assesses the request

No

Student request should be sent to Registry Officer who assesses the request in consultation with Student Services and if appropriate confirms the mechanism for continued academic support with the School. In complex cases the Registry Officer can consult the relevant ProDean.

Request includes:
- Start and end dates
- New address
- Reason for request

Granted

No

Head of School notifies the Registry Officer who communicates decision to student, with instruction that student must update address via eVision and notify Registry Student Support Officer when complete.

Decision communicated

Yes

Registry Officer communicates decision to student and School, with instruction that student must update address via eVision and notify Registry Student Support Officer when complete.

Yes

No

Granted
Appendix 2

Postgraduate Research Students - Requests to be located outwith the commutable distance from St Andrews – process diagram

Student requests to be located outwith the commutable distance from St Andrews

School (DoPG) assesses the impact of the request on studies.

Request includes:
- Start and end dates
- New address
- Reason for request

School communicates decision to student.

Registry Officer reviews School approval and has opportunity to consult with ProDean (PGR) and Student Services

Registry Officer communicates decision to student and School.

Registry Officer communicates decision to student and School, with instruction that student must update address via eVision and notify Registry Student Support Officer when complete.
